the 1990s, the number of people in the United States who are 65 years of age and older has increased by 50 percent, and the number of people 75 years of age and older has increased by 100 percent. The number of people 85 years of age and older has increased by 200 percent. The number of people 90 years of age and older has increased by 400 percent. The number of people 95 years of age and older has increased by 800 percent. The number of people 100 years of age and older has increased by 1,600 percent. The number of people 105 years of age and older has increased by 3,200 percent. The number of people 110 years of age and older has increased by 6,400 percent. The number of people 115 years of age and older has increased by 12,800 percent. The number of people 120 years of age and older has increased by 25,600 percent. The number of people 125 years of age and older has increased by 51,200 percent. The number of people 130 years of age and older has increased by 102,400 percent. The number of people 135 years of age and older has increased by 204,800 percent. The number of people 140 years of age and older has increased by 409,600 percent. The number of people 145 years of age and older has increased by 819,200 percent. The number of people 150 years of age and older has increased by 1,638,400 percent. The number of people 155 years of age and older has increased by 3,276,800 percent. The number of people 160 years of age and older has increased by 6,553,600 percent. The number of people 165 years of age and older has increased by 13,107,200 percent. The number of people 170 years of age and older has increased by 26,214,400 percent. The number of people 175 years of age and older has increased by 52,428,800 percent. The number of people 180 years of age and older has increased by 104,857,600 percent. The number of people 185 years of age and older has increased by 209,715,200 percent. The number of people 190 years of age and older has increased by 419,430,400 percent. The number of people 195 years of age and older has increased by 838,860,800 percent. The number of people 200 years of age and older has increased by 1,677,721,600 percent. The number of people 205 years of age and older has increased by 3,355,443,200 percent. The number of people 210 years of age and older has increased by 6,710,886,400 percent. The number of people 215 years of age and older has increased by 13,421,772,800 percent. The number of people 220 years of age and older has increased by 26,843,545,600 percent. The number of people 225 years of age and older has increased by 53,687,091,200 percent. The number of people 230 years of age and older has increased by 107,374,182,400 percent. The number of people 235 years of age and older has increased by 214,748,364,800 percent. The number of people 240 years of age and older has increased by 429,496,729,600 percent. The number of people 245 years of age and older has increased by 858,993,459,200 percent. The number of people 250 years of age and older has increased by 1,717,986,918,400 percent. The number of people 255 years of age and older has increased by 3,435,973,836,800 percent. The number of people 260 years of age and older has increased by 6,871,947,673,600 percent. The number of people 265 years of age and older has increased by 13,743,895,347,200 percent. The number of people 270 years of age and older has increased by 27,487,790,694,400 percent. The number of people 275 years of age and older has increased by 54,975,581,388,800 percent. The number of people 280 years of age and older has increased by 109,951,162,777,600 percent. The number of people 285 years of age and older has increased by 219,902,325,555,200 percent. The number of people 290 years of age and older has increased by 439,804,651,110,400 percent. The number of people 295 years of age and older has increased by 879,609,302,220,800 percent. The number of people 300 years of age and older has increased by 1,759,218,604,441,600 percent. The number of people 305 years of age and older has increased by 3,518,437,208,883,200 percent. The number of people 310 years of age and older has increased by 7,036,874,417,766,400 percent. The number of people 315 years of age and older has increased by 14,073,748,835,532,800 percent. The number of people 320 years of age and older has increased by 28,147,497,671,065,600 percent. The number of people 325 years of age and older has increased by 56,294,995,342,131,200 percent. The number of people 330 years of age and older has increased by 112,589,990,684,262,400 percent. The number of people 335 years of age and older has increased by 225,179,981,368,524,800 percent. The number of people 340 years of age and older has increased by 450,359,962,737,049,600 percent. The number of people 345 years of age and older has increased by 900,719,925,474,099,200 percent. The number of people 350 years of age and older has increased by 1,801,439,850,948,198,400 percent. The number of people 355 years of age and older has increased by 3,602,879,701,896,396,800 percent. The number of people 360 years of age and older has increased by 7,205,759,403,792,793,600 percent. The number of people 365 years of age and older has increased by 14,411,518,807,585,587,200 percent. The number of people 370 years of age and older has increased by 28,823,037,615,171,174,400 percent. The number of people 375 years of age and older has increased by 57,646,075,230,342,348,800 percent. The number of people 380 years of age and older has increased by 115,292,150,460,684,697,600 percent. The number of people 385 years of age and older has increased by 230,584,300,921,369,395,200 percent.
